Sequoits Use Split-T, Single Wing Offensive; Prepare for Panthers

Wilmot Loses Many Stars; Only Two Regulars From Last Year

Antioch High's varsity will use both the split T and single wing offense this year under the coaching of Robert Walther who has succeeded Paul Kessenich as the football mentor.

The squad will start scrimmaging next week as the Sequoits prepare for the opening game with Wilmot High here on Saturday, Sept. 14 under the lights.

Most positions on the team are strongly contested this year. Trying out for quarterback are Richard Behrens, Cote Russ, and George Lystlund. George is a letterman from last year.

For halfback Bill Hart and Dick Gudgeon, lettermen, have the edge, and for fullback, Don Pyle and Pat Roach are strong candidates.

For line positions, Elvin Meyer, guard, and Dave Mitchell, tackle, co-captains, and Frank Sebesta, all lettermen, are being pushed for their jobs by Charles Davis, Don Sheehan, John Proesel and Fred Faby.

Looking good for end positions are Ed Kadlec, LeRoy Gallagher, and Ray Temi.

Limiting the number of plays at the start, Coach Walther will seek perfection in those before adding new ones.

Wilmot Loses Star Players

Coach Frank Buccell of Wilmot is singing the blues this year over the loss of such stars as Dick Timmer, Dick Bruening, Ed Skora, Jerry Schlitz, "Dutch" Haase, Dave Ferber and Irv Partenheimer.

There are eight lettermen back however, and these, with one of Salem's letter men, Dick Mayor, who transferred to Wilmot, and some sophomores make up the squad that will play Antioch.

Eight Returning Lettermen

Lettermen returning are Wally Partenheimer, end; Albert Prondzinski, tackle; Jim Bruening, Wally Rosentreter, and Jim Elwood, guard; Jim Bauman, Capt. Jack LaMeer and Carl Crifasi, backs. Partenheimer and LaMeer are the only regulars. (continued on page 7)

Village Board Adopts \$39,950 Tax Levy; Put Money on interest

The village board Tuesday evening passed a levy ordinance totaling \$39,950.

Village Atty. E. C. Jacobs said this is slightly higher than last year and that more money will be coming in as the result of increased property valuation.

The board has sought to offset costs by placing much of the village money on interest for the revenue it would derive.

All bills are scrutinized for savings and contracts are let to the lowest bidders.

Old equipment is wearing out and must be replaced, however.

Trustee Edmund Vos was instructed to install a new door at the Scout House.

The board approved a two-day tag day for the Retarded Children's Education Assn., but opposition votes were cast by Trustee Bernard Osmond and E. H. Glenn. Glenn said he opposed two days on any tag campaign regardless of the merit of the appeal.

A used duplicator will be purchased from Norman Jedele for \$275. He will donate 50 pounds of paper. The clerk will make copies of his minutes for study by the trustees, and will do other duplicate work with it.

Clerk Clarence Shultis was granted a two-week vacation from Sept. 16 to 28 inclusive and the village office will be closed during that time.

The board will study Shultis' suggestion that the office be closed on Saturday afternoons instead of Wednesday afternoon. He said that there is very little business on Saturday, but many people try the door on Wednesdays.

The board will retire William Thiemann, street employee, after November 1. He is eligible for retirement pay and veteran's pension. He has been ill and badly crippled so that he cannot handle the assigned job.

Correct Address Must Appear on All Correspondence

Roy Kufalk, postmaster of Antioch postoffice, announced today that any mail that is not properly addressed will be returned to the sender. Since the house to house delivery service went into effect earlier this year, much progress has been made, but a large portion of the incoming mail is still improperly addressed.

"The postoffice has been delivering all mail regardless of address," Kufalk said, "but we feel that adequate time has been allowed for postal patrons to inform their correspondents of their correct address."

Chamber of Commerce To Resume Meetings Tuesday at Ruralite

Ladies Are Invited — Plans To Be Made For Sale In October

The Antioch Chamber of Commerce will swing into action as an entire organization with a regular meeting at 7 p. m. Tuesday at the Ruralite.

Although regular meetings were discontinued during the summer months, much was accomplished by directors in the way of lining up new industry for Antioch.

Plans will be made at this meeting for the October sale which the business men have found to be a better time for this attraction for additional business than at some other periods of the year.

The ladies are invited to this meeting. O. I. Onstad will be in charge of the meeting as president.

Back To School Warning For Adults

When school bells rang this week, there were hundreds of school children trudging along our streets. Will they get back and forth to school safely?

Last year 2,650 youngsters from five years of age to 14 lost their lives in accidents on our nation's highways. Along with getting those "first day clothes" ready, every parent should consider rehearsing the children on safety rules and the best route to take to reach school in the safest possible manner.

Especially important is getting the youngster who is entering the first grade off to a good start. Guide him carefully along the route, pointing out signal lights, cross walks, and the old-fashioned but still important rule—"stop, look and listen."

At the same time, instill in the child a healthy respect for the traffic officer or school patrol. If you have moved into a new neighborhood and the children are attending a new school, this "dress rehearsal" is most important. On the way, check to see that the school section has been properly posted with warning signs for motorists.

Drivers, too, should be alert at the re-opening of school. If you are living in a new place, learn to watch for areas where children wait for the school bus, the playgrounds and other places where youngsters congregate. Get to know these "slow down" spots.

If the motorist will review his driving route and parents spend a few minutes going over the basic safety rules with their children, needless tragedies may be prevented.

THEY'RE BACK... DRIVE CAREFULLY...

Street improvements This Summer Recall Original Construction of Some in 1927

Village Board Approves Contracts for 2 Utilities Improvements Tue. Eve.

Contracts were approved on two utilities improvements Tuesday evening by the village board, and bids will be sought on the construction of a new building to house the village's street and other equipment.

The Sobey Excavating Co. of Depot street was low bidder on the construction of 500 feet of storm sewer on Park ave. running from the Soo Line ditch to the second manhole west.

The firm's bid of \$1,380 was \$65 under that of Art Laursen.

At the same time the Board awarded to Ken Kirchmeyer Construction Co. the contract for installation of an 8-inch sewer 288 feet long on West North ave. and on a connection on Highland ave. on his low bid of \$1,964.16, plus engineering costs. The Loon Lake Plumbing and Heating Co. bid \$2,286.

Kirchmeyer bid on his own project, for he will pay the cost of the sewer extension which will be to his proposed new apartment houses. Trustees John Blackman and Ed Vos were appointed by Board President Murrill Cunningham to plan a building probably 40 x 52 feet to house road equipment of the village. It would be placed on village property near the sewage disposal plant. At present much of the equipment is in the open and is deteriorating as the result.

Trustee Blackman will also seek bids on a new tractor. He reported that the snow plow has been put into condition through the purchase of new parts.

gregate. Get to know these "slow down" spots.

If the motorist will review his driving route and parents spend a few minutes going over the basic safety rules with their children, needless tragedies may be prevented.

During the summer months an extensive paving and re-surfacing project has been undertaken by the employees of the village of Antioch. Winsor drive, Hillside, Broadway, Orchard, Williams, First, David, West Orchard, and Corona streets have been black-topped at costs much less than those of outside contractors, had contracts been let. In fact, the expense of improving Hillside, Broadway, and Orchard streets was entirely defrayed by money received from the motor fuel tax.

Although the village has much pride in the improvements, it is no more than was exhibited 30 years ago when many of the same streets were improved.

A search through the files of the Antioch News during the year 1927 reveals original paving operations as follows:

Antioch News April 14, 1927

Sealed bids will be received for the construction of the improvement of portions of Lake, Harden and Victoria streets, consisting of grading, draining, curbing, paving, and otherwise improving the same, by the Board of Local Improvements of the Village of Antioch until the 27th of April.

April 28, 1927
The contracts for the paving of Victoria and Harden streets and of Lake street were let by the village board Wednesday to the firm of Darrow and Barron of Waukegan. Cost of paving including grading, paving, curb, gutter, sewer, manholes and everything necessary to the completion of the street, is to be \$24,236.75 for Victoria and Harden streets combined and \$25,140.50 for Lake street.

The work of paving will begin at once and rushed to completion at as early a date as possible. It was felt by the members of the board that time was an element of great importance. Mr. Barron stated that their firm would begin the work immediately and would guarantee to have the entire job completed (continued on page 10)

Antioch High Again Accredited by North Central Association

School officials have announced that Antioch Township High School has again received notice that the school has been placed on full recognition and accreditation by the North Central Association of Colleges and Secondary Schools, and the State Department of Public Instruction for the school term 1956-57.

The notice of recognition indicates that the high school program meets the high educational standards and requirements established by these agencies.

Parents whose children attend Antioch High are assured that their children are receiving a good education and that the diploma received has high value. Because the school is accredited by these agencies, graduates who enroll in colleges do not have to take entrance examinations if they rank scholastically in the upper fifty per cent of their graduating class.

Mr. and Mrs. Roy Kufalk called on their mother, Mrs. Minnie Kufalk, at the Redel Nursing Home at Zion on Sunday.

Antioch Township High School Dist. 117 To Vote on Proposals to increase Both Educational and Building Tax Rate Limit

Balloting in Three Precincts in Antioch and Lake Villa Townships From Noon To 7:00 p. m. — Affidavits Needed

Residents of High School District 117 in Antioch and Lake Villa Townships will go to the polls between noon and 7 p. m. Saturday to vote approval or disapproval of an increase in both the educational and building tax.

The High School Board is asking an increase from the present educational tax from 65 cents to 86 cents on the \$100 assessed valuation (21 cents) and from 10 to 18.75 cents on the building tax, an increase of 8.75 cents on the \$100 assessed valuation.

Voting will be at the high schools; at the Lake Villa Grade School and the Lindenhurst Grade School.

PUBLIC MEETING TONIGHT

The High School Board of Education has asked the voters of Dist. 117 to attend a public meeting at 8 p. m. today (Thursday) in the auditorium of the school when the approaching referendum will be discussed and questions answered.

Principal A. L. Dittman, Lester Hamlin, president of the Board, Bert J. Hooper, former president of the Lake Villa Grade School board, and Norman Jedele, certified public accountant, and president of the Antioch Grade School board, made a panel discussion recording last evening for broadcast at 10:30 a. m. today over Radio Station WKRS.

For the first time in Antioch township it will be necessary for voters to notarize their statements of residence.

Supt. A. L. Dittman has arranged for each precinct to have a notary public who will without charge notarize the statements. There will be no delay he said as the voters will merely sign their names and the notary publics will add their seal later.

The judges and notaries will be as follows:

Precinct 1 (high school)—Martha Hunter, notary; Clara Horton, Agnes Hills and Mrs. Elmer Eberman, judges.

Precinct 2 (Lake Villa)—Everet Galiger, notary; B. J. Hooper, Mrs. Carol Effinger, and Mrs. Anne Madson, judges.

Precinct 3 (Lindenhurst)—Robert McLelland, notary; Mrs. Grace Slovie, Mrs. Thomas Hay, and Mrs. Howard Bonner, judges.

Civic League Comments

The Lake County Civic League issued a statement Tuesday saying that it recommends a limit of 10 cents on the educational tax rate increase. From the League's analysis of the District's financial condition we find as follows:

1. In its working cash fund, the District has a source of interest-free borrowing. That fund can be increased by resolution from the present 2c to 5c per \$100, providing an additional \$10,500 to meet the 1958 borrowing needs.

2. That the district can levy a 2c per \$100 tax for transportation, granted by the 1957 General Assembly. This would provide an additional \$7,100 per year for educational fund revenue.

3. With this increased taxation only a small amount of interest-bearing warrants would be needed for 1958-59, and less than \$40,000 of warrants would be needed in 1959-60. Only a 10c educational rate increase appears justified for 1959-60.

4. Since the district's financing problem is not critical we cannot recommend that taxpayers vote for more than a 10c educational rate increase. While the Board may feel that citizens will grant "blank check" taxation since competent management has been the rule, we feel that citizens want and expect a "useful" government that will approach them at the proper time with intelligent facts and a justifiable need.

5. Although the district has a building rate of 18.75c per \$100, by law, it can only use a rate of 10c per (continued on page 7)

County Ruled Area For Brucellosis Test

Lake County has been declared as an area in the process of testing for brucellosis certification by Director Stillman J. Stanard of the Illinois Department of Agriculture. The authority to place into effect the compulsory test and slaughter plan for the elimination of bovine brucellosis is provided for in Section 3B of the Illinois Brucellosis Control Law, as amended.

To qualify as an area in the process of certification, the rate of infection must be less than three per cent of the cattle population. At the present the rate of infection in Lake County is less than two per cent.

A recognized brucellosis-free certified area is one in which the rate of individual infection does not exceed one per cent and the rate of herd infection does not exceed five per cent.

All cattle in the county must be tested by the brucellosis milk ring test or the blood agglutination test. The ring test is employed as a screening test on the milk from dairy herds at six month intervals. All beef breeding herds, nurse cows, family cows, and cattle not screened by the ring test must be blood tested. This does not include steers, feeders shipped into the state under quarantine, spayed heifers, calves under 8 months of age and official vaccinates under 30 months of age. Illinois law requires that all milk and cream sold must come from brucellosis free herds.

Volunteer Police Organization Disbanded, Six Chosen for Service in Regular Force

Industry Seeks Site; Antioch Considered

An Antioch resident who has an industry in Chicago appeared before the village board Tuesday evening and indicated his desire to move his factory to Antioch if there is a suitable location. He was told the village has an ideal site for him and Mayor Murrill Cunningham appointed Trustees Bernard Osmond, Edmund F. Vos, and E. H. Glenn to work out the arrangements with him for the move if it can be worked out. The industry would employ about 30 men.

The Channel Lake Club Community club will meet Monday evening at the Channel Lake school to plan the year's activities.

Mrs. B. R. Burke spent Monday with her son, Robert, and his family at Waukegan.

The volunteer police organization in Antioch has been disbanded, and six of the members were handpicked by Police Chief Walter I. Scott to serve as regular members of the force when needed at a pay of \$1.50 an hour.

Police Committee Chairman Herman Holbek said that the change will bring the former volunteer members directly under the control of the police department with all the protection that it affords through liability insurance.

Trustee Edmund F. Vos praised the police force for its good work in recent weeks in enforcing traffic and parking laws.

The report of Chief Scott through Trustee Holbek to the village board Tuesday evening showed 383 meter violations and 178 paid; 30 moving traffic violations and 26 fined; 6 accidents, one theft, one stolen car and that recovered, all during August.

The squad cars traveled 2,638 miles and the radio operator answered 319 calls.

Install Footings for New Grade School

Ground has been leveled and cement footings are being installed for the new public grade school that will replace Oakland school at Deep Lake and Loon Lake roads. An attempt will be made to get as much done on the construction this fall as possible.

"No States Are Landlocked"

The publication Maritime Affairs observes that "No states are 'landlocked' these days with dependable U. S. ocean-going ships opening the way to growing foreign markets."

There is a world of factual evidence to back that statement up. The states of Iowa, Nebraska and Kansas present excellent examples. They are all far from the oceans. But they certainly aren't landlocked in the economic sense. In a late year, the value of their eight leading foreign exports—wheat, farm machinery, corn, soybeans, lard, tallow, oats, and milk—came to a whopping \$323 million. That money went into the pockets of farm and factory workers, and stimulated enterprises of every kind. Then, these states, like all the other states, needed and used a long list of vital raw materials that ships bring us from abroad.

It will be noticed that Maritime Affairs placed emphasis not just on "ocean-going ships" but on "U. S. ocean-going ships." The distinction is all-important. The services of the merchant marine of other nations could be lost to us over-night. Only our own merchant marine can be depended upon to handle our huge and growing foreign trade.

In this connection, a formal resolution adopted by the Mississippi Valley Association is noteworthy. It pledged active support for a strong, privately owned and operated U. S. Merchant Marine. It reaffirmed support of the 50-50 law, which requires that at least 50 per cent of cargoes generated by the U. S. government be transported in U. S.-flag vessels to the extent that they are available at reasonable rates. And it urged American industry as a whole to voluntarily "... patronize ships of its own flag in order to assist in the development and strengthening of the American merchant fleet." That resolution is based on economic wisdom.

Success to Senator Martin

Speaking on the floor of the Senate, Senator Martin of Pennsylvania told a number of truths about the Tennessee Valley Authority—and proposed certain legislative steps designed to put TVA on a business basis of operation.

As of June 30, 1956, Senator Martin said, funds appropriated by Congress for TVA, along with transfers of property, came to almost \$2 billion. This means that the people of the whole country have put up that amount of money to provide certain services—of which the most important is the purely commercial one of selling electric power—to the people of the TVA area. The Senator then provided a tabulation based on allocation of the federal tax burden among the states. According to this, New York taxpayers subsidized TVA to the tune of \$294.1 million, Pennsylvania taxpayers by \$147.3 million, California taxpayers by \$172.8 million, Florida taxpayers by \$27.9 million, Oregon taxpayers by \$19.6 million and so on.

Senator Martin's proposed legislative reform is a comprehensive one. The most significant part of it has to do with taxes and interest. He says, "...

customers of TVA should contribute, through their bills for electric service, their fair share of taxes, not only at the state and local level but at the Federal level as well. To the extent that ... TVA escapes contributing its fair share, its customers are being subsidized and the taxpayers of the country are making up the deficiency. ... He also says that TVA should pay interest on appropriated funds at the same rate as that provided for the public in the purchase of revenue bonds. TVA now pays no interest at all, no federal taxes at all, and only comparatively small sums to local government in lieu of taxes.

The back-bowed taxpayers of this country will certainly agree that Senator Martin is on the right track, and wish him all success with his program, which should be extended to include all tax-exempt federal power projects.

* * *

Simple Issue

A House committee has approved a bill which would ease federal controls on natural gas producers. The bill was drawn up with the aid of gas industry representatives and Federal Power Commission officials.

According to press dispatches, this proposal is similar to a law which was passed by both House and Senate about a year ago, but was then vetoed by the President. The veto, it should be remembered, was not exercised because the President disagreed with those objectives in general. However, he had been so offended by lobbying methods used on behalf of the bill, by a few individuals that he felt a veto was necessary on moral and ethical grounds.

That to one side, the issue at stake is a simple one. It is whether stringent federal controls should be exerted over natural gas at the wellhead. This is a highly competitive and risky business. The gas producers have no protected markets, and are in no sense operators of public utilities. There is small question that if such controls are continued, and become a matter of fixed policy, gas prospectors and producers will become discouraged and will refuse to take the long risks when they may be denied an adequate return if they succeed.

The House committee has taken a wise action.

* * *

"Galloping Socialism"

The danger to the nation now isn't "creeping socialism"—it is "galloping socialism". Thus writes David Lawrence, one of the country's most respected commentators on public affairs. Mr. Lawrence's view was prompted by the ever-continuing drive to socialize the electric power resources of this nation. His concern was over the principle at stake. To quote him directly "... if it is desirable that the federal government knock private enterprise out of the electric light and power business in America, it is just as logical for the Federal government to take over and operate the steel, copper, coal, oil, aluminum and other natural resource industries as well as automobiles, food and retail stores, railroads, bus lines, air lines and all the other businesses now handled by private enterprise and private investors."

Socialized, tax-exempt electric power takes more tax dollars per capita and saves the consumer fewer pennies per meter than probably any business the government could go into, so its main effect is not to save money but to destroy the American enterprise system of industry.

That is the issue, and all the diversionary arguments in the world can't get away from it. If government should provide one commercial service, it should provide any and all commercial services. Then we would have authoritarian government to the Nth degree. It might be called something else. The name makes no difference. The result is always the same—destruction of liberty, and the enslavement of the individual.

ler, Mrs. August Weindorf, Mrs. Charles Lucas, Mrs. Robert Drews, Mrs. Edward Young and Mrs. Walter Woertz. Dinner will be at noon. Business meeting and devotions at 1:30 p. m. in the church parlors. In charge of devotions is Mrs. William Paulsen and Rev. Messersmith.

The Study Group will meet at 9 a. m. next Thursday, Sept. 12, at the home of Mrs. Bert Doolittle.

Miss Wilma Jones, daughter of Mr. and Mrs. William Jones of Libertyville was united in marriage to Edward Sage, Jr., of Libertyville Saturday evening, Aug. 31 at the Millburn Congregational church by the Rev. Mr. L. H. Messersmith. A reception immediately followed in the church dining room.

Mr. and Mrs. Herbert Prange and family were Sunday dinner guests of Mr. and Mrs. Bernard Prange at Lake Forest.

Mr. and Mrs. Herbert Graham and family spent the weekend with their families, the Clifford Moores of Spooner, Wis., and the Eugene Grahams at Lampson, Wis.

Mr. and Mrs. Verlon Groves celebrated their 25th wedding anniversary with open house on Sunday afternoon, Sept. 1, at the Millburn Congregational church.

Mr. and Mrs. Raymond Toemmel and family of Granton, Wis., Mr. and Mrs. Bernard Prange and daughter of Lake Forest and Mr. and Mrs. Marvin Workel and son of Venetian Village spent Monday evening, Aug. 25, at the Herbert Prange home.

Mr. and Mrs. Clarence Hauser of Paris Corners spent Saturday evening at the Frank Hauser home.

Eugene Prange, son of Mr. and Mrs. Herbert Prange left Monday morning for Missoula, Mont., to attend the State University.

Mr. and Mrs. John Edward and family and Miss Marian Edwards of Libertyville were Sunday evening

callers at the home of Mrs. Frank Edwards.

Mrs. Paul Schachmerth and children of Libertyville were callers at the Kenneth Young home Monday afternoon.

Mrs. Earl Turnpaugh and Mrs. Helen Lamb and children of Kansasville were callers at the home of Mrs. Harley Clark Wednesday afternoon.

Mr. and Mrs. Herbert Prange called on Miss Marjorie May, formerly of Laurenceville, Ill., at the Missionary Children's Camp at Lake Zurich, last Sunday.

Mrs. Harold Myers and daughter and Mrs. Lyman Bonner spent Thursday in Milwaukee, Wis.

Members of the Pilgrim Fellowship will meet Sunday evening, Sept. 8, at the home of Mr. and Mrs. L. H. Messersmith for a wicker roast and organization meeting. All high school age young people are invited. The meeting is from 6 to 8 p. m.

Mr. and Mrs. Edward Hoffman and sons, Richard and George returned home from their vacation Wednesday. They toured New York City, Cape Cod, and Boston.

Mr. and Mrs. Fred Hughes of Racine and Frank Grant of Kenosha spent Monday at the home of

Mr. and Mrs. Edward Hoffman. Mr. Grant returned home from Scotland on Sunday.

Guests on Labor Day at the Herbert Prange home were Mr. and Mrs. Bernard Prange and daughter, Gloria of Lake Forest.

Tigers and Yankees Play for Championship at Little League Picnic Sunday, September 8

The Tigers won the first round championship Sunday when they beat the Sox 33 to 0 in an extra inning game. The teams played to a 4 to 4 tie Thursday night when the game was called on account of darkness.

With the Tigers winning the first round title, the Yankees won the second round title.

The game next Sunday at the Antioch Little League park promises to be a hard fought contest. The Tigers will be trying to even up the score with the Yanks, who have won three out of four games this season against Coach Jack Fields' squad.

The Little League standings for the 1957 season are as follows:

Team	Sponsor	W	L	Pct.
Tigers	State Bank	13	4	.764
Yankees	Nat'l Bank	11	5	.687
Giants	Antioch Lbr.	8	6	.571
Cubs	Servicer	6	10	.375
Sox	Dupre Heating	5	0	.357
Dodgers	Laursen & Blackman	3	12	.200

The Little League will hold its picnic at the Little League park Sunday and in addition to the championship game there will be races and games for the boys and their parents. William Lang, president of the Little League, will award trophies to the boys on the Tiger and Yankee teams.

Members of the teams who will receive trophies are as follows:

TIGERS—Richard Albano, Jim Barnstable, Bill Couch, Terry Erlenborn, Tom Erlenborn, Daryl Denman, Dean Denman, John Ferdon, Ron Gable, Les Keist, Jim Gibson, George Hogan, John Horton, Ken Larson, Dave Miller, Richard Mozal, Rick Ripley, Bill Schwab, and John Westoff.

YANKEES—Dan Apostilou, Don Birch, Bud Ditman, Joe Ennis, Richard Good, Mike Horn, Hugo Holbek, John Larson, Henry Lundblad, George May, Wally Pleviak, Gary Schlunz, George Tully, Don Walsh, Jim Wetterberg.

The Tigers are coached by Jack Fields and George Hogan. The Yankees are coached by George Horn, Bill Woodley, and Dave Birch.

No Sloppy Joes or Josephines At Antioch High Last Season

Antioch High School students said goodbye to Sloppy Joe and Josephine last school year, and indications are that sloppy dress will not reappear when school opens September 4th.

A good grooming program was instituted last year and has been well received by students and parents. Antioch parents realize that teen-age conduct and behavior is closely related to the way he or she may dress. The program was studied for two years by the Board of Education, students, parents and teachers before it was introduced. Now that good grooming is a very important part of school life, the Student Council has consented to evaluate it in order to improve the program. Because behavior and grooming are closely related, the Student Council developed and adopted a Code of Conduct in April 1957 to strengthen the pattern of school life.

One of the important requisites of being well groomed is to wear clothing appropriate to the occasion. The following are rules of dress that all students of Antioch High must conform to when school convenes in the fall. Girls will wear skirts, jumpers or dresses, sweaters or blouses, shoes—loafers, bucks, flats or saddles; ordinary style of hair-do normally worn by teen-age girls. Boys—slacks or pants, sport or regular shirts with collars turned down; sweaters, low-cut shoes, belts, crew or short hair-cuts normally worn by teenage boys.

People associated with the Antioch High School feel the program has improved the spirit and morale of the school. Students and faculty members feel that the overall improvement in morale has had a favorable effect on the attitude of the child toward his whole school life. It is felt that good grooming habits prepare students for their adult lives by helping to make them better citizens, and parents are asked again to cooperate with the school in the improvement of the good grooming program.

Air Reserve Center To Mark 50 Years Of Air Power

On August 1, fifty years ago, an aeronautical division of the War Department was established. This year marks the Golden Anniversary of air power, and military aviation has come a long way since the original department was organized in 1907 with one Army officer and two enlisted men.

The United States Air Force now totals close to one million personnel on active duty supported by many reserve ground units in all parts of the United States. One such unit is the Waukegan Air Reserve Center at 218 Washington street, and it is made up of reserve officers and enlisted men from all communities in Lake county. Part of this Air Reserve squadron meets in Woodstock, as the headquarters of McHenry County reservists.

The 966th Air Reserve Squadron meets on Wednesday evenings at 8 p.m. and meetings are tentatively scheduled for three meetings each month. This month being the 50th Anniversary of Air Power, and the founding of the air arm that is now the United States Air Force, has been designated as recruiting month to increase the squadron.

All interested Air Force Reserve airmen and officers, who are not now assigned to an active reserve unit, are invited to contact the Air Reserve Center for further information on how they may qualify for pay, promotion and retirement benefits. Phone DElta 6-4788.

"There is no such thing as a dangerous woman—only susceptible men"—J. W. Krutch.

WAC Recruiters Called Traveling Salesladies

Female recruiters of the Women's Army Corps, are the "traveling salesladies" of the U. S. Army, according to Sergeant Murphy of the Army recruiting station at Waukegan.

In this area, the WAC recruiters work out of the Chicago Recruiting Main Station. They cover some 45 counties in Illinois and 15 in Indiana. Their job is to contact and

interview interested young women. Appointments are usually set up for them through local recruiting stations.

Sergeant Murphy says that WAC recruiters are available for interviews, either at the recruiting station or in the home. Appointments in the home are most desirable, as it gives the recruiter an opportunity to meet and talk to the parents.

Appointments may be made simply by calling ONtario 2-5260 Waukegan. A convenient date and time may be set up for the interview. This does not place interested young women under any obligation, the sergeant reports.

The best way to resist temptation is publicly.—Franklin P. Jones.

IT WAS THE ZERO HOUR...

You had everything planned. You wouldn't get excited. Just take things in stride. So of course you went to pieces when your wife said, "Honey, I think it's time."

One thing you didn't forget, however. The telephone. Made you feel better just knowing it was there. Soon, everything was under control. A call to the doctor. A call to the hospital. And later, calls to friends and relatives with the happy news—"Mother and son doing fine!"

Now, more than ever, you're convinced. Life wouldn't be the same without the telephone.

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

New Chevrolet Bel Air Sport Coupe with spunk to spare!

Great to have—and only Chevy's got 'em!

Chevrolet's the only leading low-priced car with any of these fine advances—and the only car at any price with all of them!

BODY BY FISHER. You get more to be proud of in Chevrolet. No other low-priced car is quite so beautifully or substantially built, down to the last detail.

SHORTEST STROKE V8. This helps explain Chevrolet's smooth

and lively V8 ways. Short-stroke design also means less piston travel, longer engine life. Here's super-efficient power with plenty of vim and vigor!

STANDARD BALL-RACE STEERING. Chevy's Ball-Race steering gear mechanism is virtually friction-free! That means easier parking, surer control, more relaxed driving.

POSTTRACTION REAR AXLE.* When one rear wheel slips in mud, snow or ice, the wheel with the traction grips, and you keep on going. More peace of mind for you

in America's surest footed car!

TRIPLE-TURBINE TURBOGLIDE.* The silkiest automatic drive anywhere! You move from standstill to top cruising speed in one gentle stream of motion. Special "Grade Retarder" position saves braking on hills.

MORE BESIDES! Chevy's the only low-priced car, too, with important details like crank-operated vent windows, hydraulic valve lifters and lacquer finish. See all the exclusives, big and little, at your Chevrolet dealer's! *Optional at extra cost

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION!

CHEVROLET

Lake Villa

Mrs. Fred Bartlett, Correspondent
Phone Elliot 6-4454

Doris Fink is a patient at the Victory Memorial hospital.

Walter Schneider was a patient at Victory Memorial hospital a few days last week.

Mr. and Mrs. Martin Faier of Glencoe are receiving congratulations on the arrival of a daughter, born July 16. Mrs. Faier was formerly Kathleen Gindich of Lake Villa, daughter of Dr. and Mrs. Morris Gindich. Dr. Gindich passed away a few years ago and Mrs. Gindich now resides at 1339 Ash st., Waukegan.

Mrs. Della Rogers suffered a stroke at the home of her daughter, Leona Abner, last Monday.

Mrs. Mary Nelson of East Shore Gardens celebrated her 75th birthday Friday, Aug. 23. Tuesday, Aug. 26, the Royal Neighbors had a party for her at their meeting. She received many lovely gifts.

Carol Hollis of Waukegan spent the week end with Mr. and Mrs. Fred Bartlett, Jr.

Mr. and Mrs. Burt Ray of Waukegan were guests Sunday at the Fred Bartlett, Sr., home.

Little Jean Tweed is a patient at St. Therese hospital.

Ollie Tweed is a patient at St. Therese hospital in Waukegan.

Peggy Schneider of Grayslake spent a few days last week with her cousin, Norma Blumenschein.

Dr. E. Z. Thill, a graduate of the Los Angeles College of Optometry in 1952, has assumed a responsible position in the business and professional world as an optometrist at 3810 Pacific Coast Hwy. in California.

She is the daughter-in-law of Mrs. Bernice Thill of Los Angeles, but formerly a house-mother at Allendale. Her daughter-in-law, Dr. E. Z. Thill has been named the "Outstanding Woman of the Year" by the Waltham Business and Professional Women's club.

Only five women were selected for their outstanding contributions in one of the following fields: Social and Philanthropic, Civic and Cultural, Business and Professional and church activities. Dr. Thill is also active in the Waltham Business and Professional Women's club, the Torrance Educational Advisory committee and the Waltham Elementary

school PTA. Mrs. Bernice Thill's friends here are happy to hear of the doctor's success.

Mrs. Robert Arthur and Charles Armstrong were united in marriage Friday, August 30 at the Lake Villa Methodist church by candle-light service at 7 p. m. The groom's attendant was Andrew Anderson and the bridesmaid was Penny Anderson.

The bride wore a ballerina length gown of yellow with yellow accessories, the bridesmaid wore pink with pink accessories. The ushers were Jon and Don Cugler of Allendale.

A reception immediately followed at George Diamond's Country club on Rte. 59 and Grass Lake rd., Antioch.

Fred Bartlett, Jr., celebrated his 21st birthday Sunday with a party in his honor. The following were present: Mr. and Mrs. Ralph Abner and son, Terry, Mr. and Mrs. Bernard Schneider and family and Mr. and Mrs. Stanley Hollis and daughter, Carol. Later in the evening Mr. and Mrs. Fred Bartlett, Sr., called on them.

Mr. and Mrs. James Olson are receiving congratulations on the arrival of a son born Aug. 22 at Condon Memorial hospital, Libertyville. Mrs. Olson is the former Bette Burnette, daughter of Mr. and Mrs. Ray Burnette. Mr. Olson has just returned from France where he was with the army. Mr. and Mrs. Olson plan to make their home in Waukegan.

Mrs. Loyd Rapke of Woodstock spent one day last week with her sister, Mrs. Jack Rhodes.

Steve Hurdish of Waukegan was a visitor last Tuesday at the Everett Galiger home.

Mrs. Stanley Hollis of Waukegan visited her sister Leona Abner Saturday.

Mr. and Mrs. Fred Bartlett, Sr.,

were visitors at the Norman Nelson home in North Chicago Wednesday.

Mr. and Mrs. Neil Reidel and family, Henry Reidel, Doris Britton, and T. Neilsen spent Sunday at Starved Rock.

Mr. and Mrs. Harold Fillweber and daughter, Barbara, of Antioch were visitors Sunday at the Galiger home.

Sophomore Coach

William Romoser, a graduate from Stout State College, Wis., with a bachelor of Science degree, will teach industrial arts and driver training at Antioch High this year. He will serve as freshman coach in basketball and sophomore coach in football.

SOCIETY EVENTS

Methodist Men's Club Meets on 3rd Mondays Dinner and Program

The Antioch Methodist Men's club will meet the third Monday evening of each month starting Sept. 16 when the program will start at 6:30 p.m. with a dinner served by the women of the church.

A dinner followed by a program and Elmo Edwards, chairman, said that subjects will be of varied interests.

A speaker from Alcoholics Anonymous will be the first speaker.

Season tickets at a savings will be sold this year and these tickets will be transferable.

Legion Invites Public To Joint Installation

The public is invited to the installation of the newly elected officers of the American Legion post and its Auxiliary at 8 p. m. tomorrow (Friday) at the Legion hall on Ida ave.

A special invitation is extended to all ex-service men and women and their families.

The Legionnaires and the Auxiliary have been busy during the past 10 days redecorating their hall.

J. W. LYSTLUND TO COMPLETE TRAINING

James W. Lystlund, son of Mr. and Mrs. George E. Lystlund of Lystlund's Resort, Rte. 1, Antioch, is scheduled to complete recruit training Sept. 6 at the Marine Corps Recruit depot, San Diego, Calif.

The 11-week course includes instruction in all basic military subjects and the firing of all basic infantry weapons.

Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.

GUEST PASTOR TO SPEAK SUNDAY AT SPRING GROVE METHODIST CHURCH

The Rev. Hugh W. Gillilans, pastor of the Spring Grove Methodist church in his series of sermons for September and October, will speak on "The Common Ventures of Life." The Rev. Jack Hanford will be guest speaker on Sunday, Sept. 8, as the Gillilans will be vacationing in the Rockies. They also plan to visit the Black Hills and Yellowstone park before their return home. Mr. Hanford is a second year student at Garrett Biblical Institute in Evanston. His sermon for Sunday will be "Prayer—Salute or Speak."

GIRL SCOUT LEADERS AND WORKERS NEEDED

In an effort to obtain Scout leaders and workers the Antioch Neighborhood chairman for the Lakeside Council Mrs. Lester Hribar invites all parents to the Antioch Scout House Wednesday, Sept. 11 at 3:30 p. m.

There will be a showing of the films "Leading Lady", a story of how deeply a woman's interest in Girl Scouting had become; also "The Growing Years," what it means to girls to belong to the Girl Scouts.

Mrs. Hribar will speak to the parents. Refreshments will be served.

RICHARD SRCH ATTENDING U. OF I.

Richard Srch, son of Mr. and Mrs. M. A. Srch, left Sunday for Champaign where he will attend the University of Illinois. Before leaving, Richard and his sister, Nancy, surprised their parents with a party celebrating their twentieth wedding anniversary. All relatives and friends attending the celebration congratulated the parents and also wished young Richard lots of good luck and success in his studies at the University.

CELEBRATES BIRTHDAY ANNIVERSARY SUNDAY

Twenty-five relatives and friends with filled baskets and gifts called at the home of Mr. and Mrs. Earl Horton Sunday, to help celebrate Mr. Horton's birthday anniversary, with a potluck dinner. Cards were played during the afternoon. Those present were: Mr. and Mrs. Leo Keisler, Mr. and Mrs. Robert Horton, Mr. and Mrs. Ray Horton and family, Mr. and Mrs. Glenn Hauser and son Kevin, Mr. and Mrs. Albert Horton, Elsie and Leland Bennies, and Mrs. Lydia Horton, Earl's mother, who will be ninety years old October 2. (Congratulations, Earl.)

W. S. C. S. CIRCLE TO MEET SEPT. 12

The Women's Society of Christian Service evening circle will hold a regular meeting Sept. 12 at the home of Mrs. Arlene Cramer, 1107 Bishop street. Miss Betty Lu Williams will be assistant hostess. The Rev. Howard Benson will install the new officers and will also be the speaker of the evening. Mrs. Ruth Duha, devotions chairman will have charge of the devotions. All members are urged to attend.

Mr. and Mrs. Ernest Schwartz of Murphysboro, Ill., are visiting at the S. Boyer Nelson home this week. They also called on Mrs. Nelson who is very ill at Wesley Memorial hospital, Chicago.

Emmons Mothers Meet The Mothers Club of Emmons school will meet at the school building Monday evening to plan the year's program. A film, "School—Child's Community," will be shown.

Robert J. Wilton, Sr., plans to leave by plane from Midway Airport, Chicago, Friday for a visit with his son Robert and his wife at Colorado Springs, Colo. Robert is stationed at Camp Carson.

Fred Libert III, son of Mr. and Mrs. Fred Libert, Jr., RFD 3 and Gerald Huml, son of Mr. and Mrs. Richard G. Huml, RFD 4, Antioch, have chosen to start college work at Cornell College at Mt. Vernon, Iowa.

Mr. and Mrs. Joseph L. Cosgrove returned home Thursday after attending the wedding of their son, Barnard at Pawtucket, Rhode Island.

Mr. and Mrs. D. B. Baldwin of Hampshire, Ill., spent Labor Day with Mr. Baldwin's sister, Mrs. Frank Runyard, of Channel Lake.

Mr. and Mrs. Ralph Lasco of Painesville, Ohio, and Mr. and Mrs. Steve Takacs of Fairport Harbor, Ohio, spent the holiday with Mr. and Mrs. H. L. Lasco.

John C. Topercer, Jr., son of Mr. and Mrs. John C. Topercer of 913 Main st., who recently completed six weeks officer's training July 27 at the Marine Corps School, Quantico, Va., arrived home Saturday for a visit with his parents before going to school at Marquette University at Milwaukee.

Mr. and Mrs. Charles Tiffany of Waukegan called at the home of Deedie and Mary Tiffany Sunday.

Antioch American Legion and its Auxiliary will hold installation of officers Friday evening, Sept. 6 at Legion hall. Members and their guests are invited to attend.

The next regular meeting of the American Legion Auxiliary will be held at the Legion hall Sept. 13. A social meeting will be held Friday evening, Sept. 27.

Mr. and Mrs. Roger Williams and sons returned home recently after a week spent at Hayward, Wis.

Michael Murrie, son of Mr. and Mrs. Lloyd Murrie, came home Saturday from Victory Memorial hospital where he had been for the past two weeks. Michael is convalescing at his home at Lake Marie.

Mr. and Mrs. Frank Larson, of Waukegan, were guests on Labor Day of Mr. and Mrs. J. W. Woods. The Larsons were on their return trip from a visit at Cedarburg, Wis.

Scout Order of Arrow Conclave This Week

The Ma-ka-jaw-wan Lodge, Order of the Arrow, of the North Shore Area Council, Boy Scouts of America, will hold its annual Fall Fellowship Conclave on Sept. 6-7-8, at Camp Dan Beard, west of Deerfield. The highlight of the Conclave will be the induction and installation of 78 new members into the Arrow. Also the annual election of officers will be held during the weekend.

The Arrow, a National Honor Camping Society, has service as its motto, and the new and old members will continue to do the many service projects needed in and around the North Shore Area. Saturday, Sept. 7, the new candidates will be working on service projects at Camp Dan Beard, at our new Council Short-term Campsite near Wilmet, Wis., and for the Art League in Hubbard Woods.

Chief of the Lodge, Don Verbeke of Lake Forest, states that this will be the biggest and best Conclave in the history of the lodge. More than 150 members will be working and attending throughout the entire period. The public is invited to witness the Calling Out ceremony that will begin at 8 p. m. Friday evening at Camp Dan Beard.

Esther Circle to Hold First Meeting of Fall Season

The first meeting of the new season for the "Esther" Circle of the Antioch Methodist Church will be held at the home of Mary Bruski at Lake Marie at 7:30 on Sept. 11.

The puppets which were made by the members of the Esther Circle have been turned over to Mrs. Wilda Allner for use in the children's ward of Victory Memorial hospital.

Mrs. Enid Klorine of Chicago is the guest of Mrs. Alice Marshall at Liberty Corners.

Parents of Son

Mr. and Mrs. Monte Miller are the parents of a son, "Monte Paul," born August 23, at Victory Memorial hospital, Waukegan. The Millers have two daughters, Vicki and Perri Lynn.

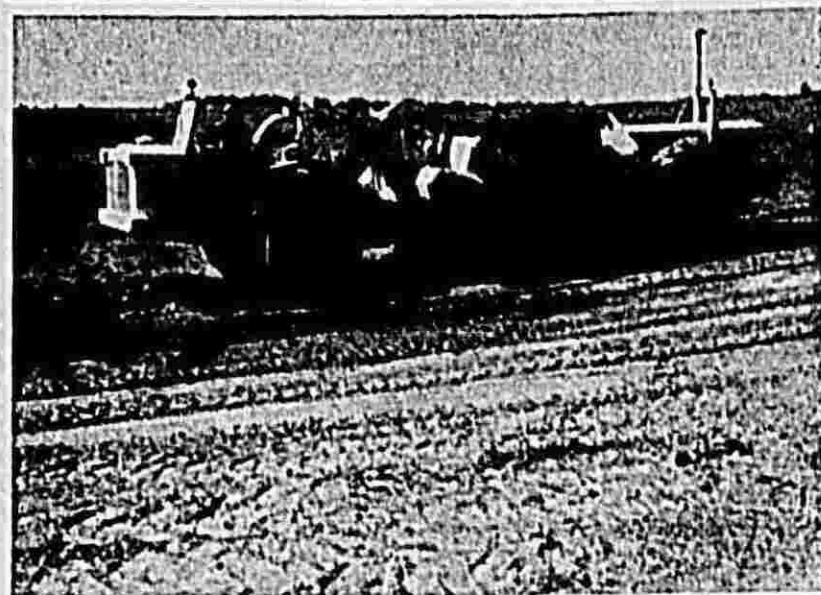

Parents of Daughter

Mr. and Mrs. Robert Simon of Los Angeles, Calif., announce the arrival of a baby daughter, Kimberly Ann, born Aug. 29. Mrs. Simon is the former Norma Jarnigo of Antioch and the daughter of Mrs. Louis Jarnigo.

BIRTH ANNOUNCEMENT

The birth of a new car, the Edsel, is announced by Ford Motor Company of Dearborn, Michigan. You are cordially invited to see this newest addition to the Ford Family of Fine Cars at your nearest Edsel dealer.

Prepare Detour on 173 for Toll Road

Motorists on Rte. 173 can see this big Euclid "Carry-All" skimming ground for the detour for the new toll road that will cross the highway west of Rosecrans. The machine with powerful motors both front and back can pick up 24 yards of dirt in a matter of seconds and deposit it anywhere. Rte. 173 will go over the toll road which will join Rte. 41 just south of the state line.

Gas Company Defers Public Financing Plan

Northern Illinois Gas Company, as a result of a downward revision in its cash requirements forecast, has deferred until the first half of 1958 its public financing previously planned for early this fall. Marvin Chandler, president of the utility disclosed today.

"The smaller requirements," Chandler said, "now estimated at about \$3 million for the duration of 1957, can be met by temporary bank loans which, because of the seasonal nature of our business, can be expected to be paid off in full next spring."

Early in July the utility had announced tentative plans to raise between \$8 million and \$10 million in the latter part of September. "The reduced need for funds was disclosed in a review of our construction program," Chandler stated. "Principal factors were the slackened pace of new home building being experienced in northern Illinois and common to the country at large, and the postponement of our proposed propane cavern storage project."

Chandler disclosed that Northern Illinois Gas had arranged for a one-year \$5 million total line of credit with five major Chicago banks. Borrowings will be at the interest rate for bank borrowers.

Ferris Petition to Rezone Trailer Camp At Lake Marie Opposed by Neighbor Groups

A request from Paul Ferris and son, Charles, to rezone to B-3 three parcels of land now classified as R-4 residential and a fourth as farming met strong opposition in a hearing before the Lake County Zoning Board of Appeals at the American Legion hall Tuesday afternoon.

The property is between Beach Grove road and Lake Marie.

The hearing started at the Antioch Village hall, but was adjourned to the Legion hall to accommodate the crowd.

Main objection to the reclassification was based on lack of sanitation.

The Ferrises rent the 160 acres of land from Paul's mother, Mrs. Drucilla Ferris, and through an arrangement with the Lake Marie Fishing and Boating Club, a non-profit organization, they are paid \$20 a month rental on each car that is parked by club members who have trailers in a camp at the west side of the farm.

Representing the petitioner was Atty. Lewis P. Clarke of the law firm, Snyder, Clarke and Dalziel.

Atty. Ted C. Larson represented the Merrywood Property Owners Assn., which as an organization opposed the rezoning, and Atty. Mark Beaubien represented the Beach Grove Improvement Assn. which likewise opposed the change. These properties adjoin the Ferris farm on the west.

Charles Ferris testified that the farm had campers as early as 1915, but that in more recent years had admitted trailers of which there are now 75. He said they are occupied by their owners during summer vacations and weekends, and do not have commuters nor children who would attend Antioch Township Schools.

The Lake County court recently ruled the camp as capable of having 20 trailers under a non-conforming zoning. The Ferrises want to continue to operate the court at present size or larger and may want to operate a business there at some future time.

Because the petition did not have a written statement from the owner, it was necessary to halt the hearing until a ruling of the state's attorney, Thomas Moran, was received as to whether the testimony of Mrs. Drucilla Ferris would be sufficient. He held that it was, and Mrs. Ferris testified, as to the ownership and her permission to rezone.

Didn't Know Rule Violated
Charles Ferris testified that not until last year did he know that he had violated the county zoning law and needed a state license to operate.

Atty. Larson placed Harry A. Carlson, Antioch, in charge of county building and zoning on the witness stand and he testified that Ferris ignored the warnings of his department that he violated the county zoning and health laws.

No license was obtained by Ferris in installing a central comfort station for men and women, which Carlson said was insufficient for such a large camp. Russell Lasco, Antioch, said he helped install two 500-gallon tanks for a septic system, which he considered adequate.

He admitted, however, that a 500-gallon tank would be satisfactory for a family of seven, and the two tanks for more than twice that number.

Charles Ferris said that the tanks were pumped at times.

Charles Wertz, Antioch, testified as to the satisfactory location of the 250-foot deep water well which he drilled, and said the samples tested pure.

Harold Felber, Chicago, secretary of the Lake Marie Fishing and Boating Club, said the club is responsible for the camp, requires the trailers to be painted yearly, contain fire extinguishers, and police the grounds. There are week-end garbage collections.

Neighbors Oppose Change
William Hansen, owner of property next to the trailer camp, and said he cannot sell his property to Owners Assn., with 15 members said he cannot sell his property because of the camp.

Dr. Oliver L. Mitchell, president of the Beach Grove Property owners association which was represented by Atty. Beaubien, testified that there is much algae in the lake waters and believes that much of it comes from the trailer camp although it could enter elsewhere.

He said the camp lowers the value of surrounding property and that the limited toilet facilities and the fact that there are privies on the land, endangers health.

Both associations passed resolutions objecting to the change, and their members were present to testify if necessary to their objections.

High School Opposes

A resolution was passed by the Antioch Township High School opposing the change which would permit a year-around camp and new students. Members of the Emmons Grade School Board said they did not object.

Chairman Sorensen of the Zoning Board said that the effect on school attendance had no bearing on the case so far as zoning is involved.

Atty. Clarke said his clients have no objections to a change to a non-conforming status, but chose the B-3 classification because it would be easier for the county to regulate and control the place.

Atty. Larson retorted that since

the Ferrises ignored county law, this would be meaningless. He said his clients would have no objection to a non-conforming status if the number of trailers were curtailed to the number approved by county court.

Letters to The Editor

As Labor Day rolls around it marks the end of another summer vacation for the children and the beginning of a new school year. It also means the beginning of another year of Scouting for your boys whether they be Cubbing, Scouting, or Explorer age. The Scouting participation is constantly increasing in our Council, but the parent participation is not keeping up at the same rate of increase. The North Shore Area Council is continuing its program to increase the number of Cub, Scout, and Explorer units within its boundaries. With every unit added there must be leaders and committeemen trained to head up these new organizations. The boys need trained leaders and they can only be had through the efforts of you parents.

If all parents were able to visit Camp Ma-Ka-Ja-Wan during the Scouting periods or during the family week-end as we have done and see how the boys conduct themselves it would be like a "shot in the arm" to you to do all you can to further the Scouting movement.

Our Council is one of the best in the country, but it can remain in that position only with the help of volunteer leadership. In keeping with that idea the Council will hold a "Train the Trainer" session on Saturday, Sept. 21 at Camp Henry Horner, to help some of the trained and experienced Scouters in our area prepare to train the new parents that will be added to our Scouting family.

As the Scouting year begins it would be nice to have you, mothers, offer your services as den mothers; and, fathers, you can help tremendously by offering to help your boy in Scouting by serving on the committee.

Hartley Taylor,
Leadership Training Chairman
Northwest District
North Shore Area Council

\$100 because of bonds outstanding before July, 1953. In voting the minimum annual tax the district is obtaining the right to levy for its needs above the 10c rate. It appears that a rate increase of 4c per \$100 will provide adequate revenue for 1959 building fund needs.

District's Operations Economical
Comparative data on all county high schools for 1956-'57 shows that Antioch enjoys one of the lowest per student educational fund costs. The taxable wealth behind each student is slightly above the median

GUIDE OF HIS FORMATIVE YEARS

Our Responsibility to Teachers

Next to parents, no one deals more intimately than school teachers with a youngster's talents and deficiencies, failures and achievements, during the crucial, formative early years.

Every citizen has only himself to commend or to blame if schools in our free society are superb, average, or below average.

Teaching is the largest of all professions; sometimes it is the most misunderstood as well. It is misunderstood, perhaps, because many people tend to look upon teaching as an occupation separate and apart from the day-to-day activities of community life.

Pointing out these facts in a study issued on the eve of the fall re-opening of our schools, the National Association of Manufacturers makes a timely and earnest effort to bring citizens and communities closer together in effective work to bring about greater understanding of the public school teacher's vital role in our society.

"We must realize our responsibility to the teachers of today and tomorrow," Ernest G. Swigert, president of the NAM, emphasizes in introducing the study. "If we do so, each child will have the opportunity to know teachers who will make every school day the challenge and opportunity it should be."

range; and the pupil teacher ratio, 18.1, is near the county median of 18.3. Beginning teacher salaries are in line with other county high schools. The percentage with which the educational fund budget is encumbered with expenditures for instructional service is 58 per cent over the past three years. A rule of thumb recommends a range of 60 to 70 per cent in high school educational fund operation.

Would Avoid Another Election

Principal A. L. Dittman said that it is true that the Board can get along for a year or two with the 10 cent increase and that the Board probably would not levy more than that.

"Should there be the expected big increase later, and we only asked the 10 cents on the \$100 assessed valuation now, we would have to come back to the voters again," he said. "We have been economical and we think the voters will trust us in not levying for more than we need at any time."

Dittman said that for the first year the use of the working capital can keep the school in the black, but without increased income there will be deficit spending of \$22,500 the next year and then the third year with the interest and needs it will

Develop Vaccine for Asiatic Influenza

Sporadic epidemic outbreaks of Asiatic influenza in various parts of the United States have all the earmarks of the pattern which preceded the devastating epidemic of the "Spanish" influenza on the North American continent in 1918, according to a report to Governor William G. Stratton by Dr. Roland R. Cross, director of the Illinois Department of Public Health.

"It appears likely," Dr. Cross said, "that Asiatic influenza now appearing sporadically throughout the country in a mild form will become epidemic later this year and possibly in a much more severe form than now prevails. It happened that way in 1918."

"Vaccine believed to be effective in preventing the Asiatic strain of influenza is now in production. It is hoped that the vaccine will be plentiful on the market before widespread epidemic develops," Dr. Cross added.

One of the most durable satisfactions in life is to lose one's self in one's work.—Harry Emerson Fosdick.

The secret of life is not to do what one likes, but to try to like what one has to do.—Dinah Muloch Craik.

Soil Conservation District News

The first two weeks of September is an ideal time to pep up those run down permanent pastures. This can be done by fertilization and reseeding, according to Elmer E. Offerman of the North Cook Soil Conservation District. The production from many pastures in this area could be doubled or tripled if this practice was followed.

A few simple but important steps should be taken to insure a successful job, Offerman pointed out.

Edmund Rohlwing, who lives on Meacham road in North Cook county, took these simple steps to a better pasture program in the fall of 1952.

Rohlwing said, "Before I improved my pasture, I could get only two or three weeks of pasturing in the spring and a few days in the fall. Now, on this reseeded pasture, and the use of a rotational grazing plan, I have feed from spring until fall."

Rohlwing's first step was to have the soil tested to determine the need for fertilizers.

In order to prepare a seedbed for grasses and legumes, he destroyed the bluegrass sod. A field cultivator was used on part of the field and a plow on the other part. The cultivator showed the best results.

After the seedbed was prepared, a mixture of timothy and brome grass was seeded with rye. Early in the spring of 1953, a mixture of alfalfa, red clover and birdsfoot trefoil was seeded. Some control on the amount of grazing was used the first year so that the new seedlings were not damaged.

Rohlwing, in commenting on the success of his pasture, said, "There are many pastures in the area that could benefit from a similar treatment."

Land owners and operators planning to improve their pasture can receive additional information by contacting the farm adviser at Grayslake, or the soil conservationist in the Farm Bureau Building at Arlington Heights.

Lindenhurst

Mrs. John Selzer, Correspondent
Telephone Elliot 6-1172

The bowling teams of the Lindenhurst Men's club started their '57-'58 season on Wednesday evening at the Bertrand's bowling lanes in Waukegan.

Boy Scout troop 84 will hold its first meeting of the season on September 5 at the Lindenhurst Men's club.

Mr. and Mrs. John Selzer and sons, John and James, returned Aug. 26 from a two week vacation in Lake City and Gowrie, Iowa, where they visited in the homes of Mrs. Selzer's parents, Mr. and Mrs. John Molitor, and her brother, Mr. and Mrs. John Molitor, Jr. While there they saw some of the damage the tornado of July 4th caused. The major damage had been repaired. While helping to repaint her parents' home they found pieces of asphalt shingles from nearby buildings had been embedded in the wooden siding. They were told that the clearing away of the rubble was impeded by the crowds of curious who flocked to the town that day. They swarmed all over the grounds, asking inane questions. The Graphic, the local paper

estimated that there were 5000 people that day. That is 2 1/2 times the population of the town.

Mr. and Mrs. John Selzer and sons were dinner guests last Tuesday in the home of Mr. and Mrs. Henry Schwall of Des Plaines.

A reception was held Thursday evening honoring The Mother General and the Mother Provincial of the Order of The Poor Child Jesus of the Order of Nuns who staff the new Prince of Peace school in Lake Villa. The Mother General is from Europe and is the Head of the Order, is visiting in all the new schools they staff. From here she is going to South America. The Mother Provincial is in charge of all the convents in North America and she is from Baltimore, Md.

Mr. and Mrs. John Selzer and sons were supper guests Thursday in the home of Mr. and Mrs. Edward Renis of Morton Grove.

Miss Jean Koziol returned Sunday evening from her vacation spent in California.

The Lindenhurst Men's club held their first annual picnic Sunday, Sept. 1 for the residents of Lindenhurst on their club grounds. Free ice cream, pop, and milk were given to the children. Fifty-five families registered at the picnic and approximately 100 children entered the races. Races and games were held for the children and adults enjoyed a shoe race for the ladies and a stretcher race for the men. Couples joined in on a splashing egg-toss. Prizes were awarded to all the children and to the winners of the adult games. The ball games were: Pony League versus fathers, and Little League versus fathers. The fathers won both games which only goes to show that you are as young as you feel.

The chairman of the picnic committee was William Baumgartner. Those assisting on the committee were: Bud Barnes, Thomas Mellon, Joseph Downs, and Alex Bartling. Help was extended by Robert Maier, Thomas Hay, Ed Dragon, Douglas Sanders, and many others. Delicious sandwiches were prepared and donated by Mrs. Henry Ploss. Donations for the picnic were given by Mort Engel, Wolf's Tavern, Maleck's IGA store in Gurnee, Slove's Bakery, Eversharp Pencil Co., Town Club, Lake Villa, and the Co-op Dairy Co. Sincere thanks are extended to all who donated and worked to make this picnic a success.

Rescue Squad Fund Donors

Donations to the Antioch Rescue Squad fund are coming in steadily. Since last week's report, these donors have been listed:

Fred O. Hawkins, Gustine Kobell, Charles Reed, I. Meyer, R. & R. Dubois, Otto Hanke, Sr., Mr. and Mrs. T. Griffin, Toni N. Dickson, Oakwood Knolls Civic Ass'n., E. J. Lutterman, Trading Post, Oscar Hagen, Mrs. L. V. Sittler, C. A. Dean, P. J. Kohl, Walter Garver, Inez

Ravenglen Holsteins Win Championships at Wisc. State Fair

Ravenglen Farm of near Antioch captured both junior championships on the Holstein show at the Wisconsin State Fair.

The Ravenglen senior yearling bull, Ravenglen Genius Triune won the senior yearling class and then defeated the junior yearling and calf champions for the junior championship.

Ravenglen's heifer calf Ravenglen Sissie Triune won the calf class over 46 other calves and then defeated the junior yearling and senior yearling champions for the junior championship.

Last year Genius' calf was all-American bull calf.

Lake County's ability to win over products of a dairy state shows real accomplishment, according to local dairymen.

Street improvement.....

(continued from page 1)
ready for travel by the first of July.

May 26, 1957

Depot street is to be added to Antioch's big paving program this year, according to action taken last Monday night by the Board of Local Improvements and the village council. Immediate action by the board followed the presentation of a petition of property owners who favor the improvement and would like to see the paving completed this year.

June 2, 1957

Construction on the paving of Lake street is progressing rapidly this week under the direction of Darrow and Barron, Waukegan contractors. Lake street has been closed to traffic from Victoria street west for the past week and work is being hurried to completion in order that the street may be opened to traffic as soon as possible.

June 16, 1957

Operations preparatory to paving have been hastened on Lake street this week and Orchard street has been closed to through traffic in order to expedite the paving at the far end where it connects with Lake street. Curbs have been completed and it is anticipated that the cement will be poured the first of the week.

The route which has been used as a detour since the beginning of paving operations on Lake street will be missed as its closing will necessitate approaching the Channel Lake road from the extreme southern and northern edges of

Poses for Fourth Generation Group Four Times

A recent visitor at the Donald Blake home in Antioch Hills was George Schroder of White, S. D., center, who took time to pose for a four generation picture for the third time in his life. The pictures have included him as a father, a grandfather and this picture shows him as a great-grandfather. From left to right are Mrs. Donald Blake and her daughter, Cynthia; Mr. Schroder who is holding the Blake's' month old son, George Sander, and Mrs. Virgil Sander of Burlington, Wis., Mrs. Blake's mother. Mrs. Blake taught kindergarten at the Antioch Grade School for the past two years and Mr. Blake is the new principal of Emmons School.

the village.

June 23, 1957

W. O. Winch of Channel lake came to the rescue in the matter of the blocked traffic on Lake street this week, when he secured right of way through the property of Barney Naber and George Golwitzer for a temporary road to connect Orchard street with Channel Lake road, during such time as the Channel Lake road is blocked by paving operation on Lake street.

June 30, 1957

Property owners on Orchard, Spafford, Ida and Park avenues will be called to attend a public meeting of the village board of trustees on Tuesday, July 5, to discuss the paving of these streets.

All of the streets in question are in bad condition, necessitating rebuilding in order to put them in any kind of condition. It is thought by many that paving will prove a greater economy than would the policy of regrading and graveling because of the fact that the graveling would only be in use a short time until it would have to be done over.

It is also anticipated that the work could be done now, while there is a grading outfit operating in the

city, at a much greater economy than it could be done at some later date.

July 28, 1957

One street finished, two more nearly finished, work begun on a fourth, paving of a fifth assured, and a proposal to pave a sixth street acted upon favorably is the record of the village for paving thus far during the 1957 season. If present indications are true, the board of local improvements will have achieved a record for Antioch which can scarcely be matched in any of the surrounding communities.

The contract for the paving of Depot street was let Tuesday to the firm of Darrow and Barron for the sum of \$15,690. They began work on Depot street yesterday morning and will rush the work so that the street will be paved this season.

The village board will also act favorably on a petition signed by residents of Park Ave. calling for paving of that street.

August 11, 1957

The new pavement on Lake street was officially opened to traffic Saturday afternoon at 2 p. m. Mayor S. E. Pollock commanded Wm. A. Rosing's Studebaker car to make the first trip over the new cement.

Mr. and Mrs. Joseph Vachta of St. Petersburg, Fla., are guests of their daughter, Mrs. Richard Eckert and family.

Letters to The Editor

August 23, 1957
The Antioch News:
Gentlemen:

Just to let you know that after spending several years in a small cottage at Indian Point on Fox Lake we are moving into a new house which the B K S Construction is building on the front of the lot. We will move Sept. 4th.

I am retired and have quite a few hobbies such as collecting Christmas and Charity seals, stamps, playing cards, view cards, and buttons. Have some nice collections.

Have lived at our Chicago address 36 years and we hope to spend many years in Antioch. We know many people near us: Kugles, Spychals, Griffins, Danzers, Adams, Somerville, Benes, Albrights, etc., and we are sure that we will spend many happy days here.

We have been looking over your paper and like it. Mr. Earle Somerville just retired from the State Hospital and moved to Loon Lake. I worked with him for almost three years.

Sincerely,
George C. Eckert
Angeline M. Eckert

August 20, 1957

Antioch News,
Antioch, Illinois
Dear Editor:

It pleased me very much to see in last week's edition of the Antioch News, the picture I brought into your office. Your reproduction was even better than the original post card.

The post card was sent by my Uncle, Mr. Hugh Shea, a lifetime resident of Antioch, until his death three years ago, to his sister (my mother) in Chicago.

We now have a summer home on Lake Marie and because of the interest we have in Antioch, we have your paper mailed to our home in Oak Park. We enjoy reading it each week.

Sincerely yours,
(Miss) Edna L. Bowler
12 Washington Blvd.
Oak Park, Illinois

Weisses Plan Motel With 22 Units on Lots Near Home on Rte. 173

Plans to erect a 22-room motel costing approximately \$125,000 on Channel Lake road (Rte. 173) a mile west of Rte. 59 were revealed Monday in a hearing before the Lake County Zoning Board of Appeals.

The request was made by Mr. and Mrs. John F. Weiss who asked rezoning of the land from farming to business to accommodate the development.

Weiss, operator of a tavern, wants to rezone two lots west of his home near Smart's Country House for the motel.

No objection was made at the hearing which was held in the Antioch Village hall.

No objection was made either to the request of Mr. and Mrs. Fred E. Franklin to rezone from residential to business their property on Grass Lake road a half mile west of Nielsen's Corner so that Mrs. Franklin can operate a beauty parlor, known as Stella's Beauty shop.

A hearing also is scheduled for rezoning from farming to business the property of Louis J. Nielsen directly west of Nielsen's Corners where a bait shop is now located.

The petition already heard will be acted upon Sept. 10.

Heads Football, Track

Robert Walther, head football coach at Antioch Township High School will teach physical education and driver training. Walther, 30, will reside at Lake Villa, and Mrs. Walther will teach home economics. His record includes two championships at Prophetstown and one at Davenport, Ia. Junior High School and five years of coaching. He is a graduate of Austin High School and Augustana College.

Hickory Corner Mother Asks Police to Help Find Missing Daughter

Mrs. Lorraine Thorpe, who with her three younger children reside at Castle Tavern, Rte. 173 at Rte. 45, has asked police of Illinois and Maryland to help locate her daughter, Lois (Lou) Pitts, 16, who left her job in a private home near Ivanhoe Monday and hasn't been seen since.

The girl, a daughter by a previous marriage, failed to complete her sophomore year of schooling last year at Antioch High School.

She disappeared while her mother was visiting in South Carolina, and there were reports she was seeking work in Waukegan. She was not found there.

Mrs. Thorpe thinks she may have gone to Maryland to see her father, William Pitts.

Lois was described as having short cut reddish blonde hair, being 5 feet 6 inches tall, and weighing about 125 pounds.

Mrs. Effie Nelson, Antioch, and Mrs. Jack of Chicago, are visiting with their cousin, John Hancock, in Greeley, Colo., and Mrs. John Huffendick in California, Mo.

Jimmy Barnes Will Open Dance School

Jimmy Barnes of the Barnes-Roberts school of dancing will reopen the dancing school this fall, giving class instruction at the American Legion hall in Antioch.

Mr. Barnes gave a successful showing of the "Dance Theater '56" under the sponsorship of the Antioch Grade School P.T.A. last fall. Registration will be open September 7 at 10 a. m. at the American Legion hall.

PRE-NUPTIAL PARTY FOR YOUNG COUPLE

Fifty guests attended a pre-nuptial party recently at the Frank Gavin, Jr., home at Loon Lake in honor of Miss Sylvia Beelow and Boake Baird, whose wedding took place August 31 at the Antioch Methodist church. Out of town guests were Mr. and Mrs. Charles Bock of Ohio and Mr. and Mrs. Thomas Elwood of Des Moines.

What You're Missing

State Holstein Assn. To Picnic Sunday at Ravenglen Farm Here

The State Holstein-Friesian Assn. will hold its annual picnic at Ravenglen Farm at Rte. 45 near 173 (Hickory Corner) Sunday.

Scott Meyer of Hannibal, Mo., president of the National Holstein-Friesian Assn. will be present to speak.

There will be judging contests, and prizes will be given to men, boys, women and girls for best judging.

The Lake County Holstein Club will be hosts at the picnic.

Earl Moeller of Antioch, LeRoy Wegener of Ingleside, Alfred Ames of Zion and Marvin Goodrich of Lake Forest are members of the committee in charge.

Free milk will be furnished by the Pure Milk Assn., with free ice cream by Beatrice Foods, Inc.

All dairymen and cattle lovers are invited.

Mrs. Myrtle Keefe, 70, Mother of Mrs. Bown, Dies, Burial Saturday

Mrs. Myrtle B. Keefe, 71, 121 Gifford street, Elgin, died Wednesday, September 4 at 4:10 a. m. at St. Joseph's hospital in Elgin. Mrs. Keefe was born May 20, 1886, in Chicago. She moved to Ingleside in 1923 and to Elgin in 1952. Her husband, Thomas, preceded her in death Dec. 13, 1942.

Survivors are one daughter, Hallie (Mrs. Morris Bown), and one grandchild. A sister, Mrs. Grace Wilson preceded her in death June 15, 1957.

Funeral services will be held at 1 o'clock Saturday at the Strang funeral home. The Rev. Edmond Hood of St. Ignatius Episcopal church will officiate. Interment will be in Elmwood cemetery, Chicago. Friends may call after 7 p. m. today (Thursday).

Mrs. Anna Brown Will Manage H.S. Cafeteria; Assisted at Waukegan

The High School cafeteria will open for the fall term today (Thursday), under the management of Mrs. Anna Brown. The cafeteria management has been completely reorganized this year to keep pace with the rapid increase in enrollment and expansion of school facilities.

Mrs. Brown comes from the Waukegan High School, where she served as assistant cafeteria manager. Her responsibilities will be to plan menus, purchase supplies, maintain inventory records, report number of daily lunches served, approve food bills for payment, maintain equipment, supervise cooks and supervise serving in the lunch line. Mrs. Brown will have a competent staff with which to work. The staff is composed of Mrs. va Gaylord, Mrs. Helen Cary, Mrs. Jeanette Brown, Mrs. Regina Karasch and Mrs. Frances Cardiff.

The school will again operate under the state hot lunch program. All meals will be balanced and nutritional to meet the requirements of the state program.

The Board of Education has expended considerable money this past summer on equipment to improve the cafeteria and kitchen facilities. One of the cafeteria storerooms has been converted to a walk-in cooler for meat and vegetable storage. A complete serving counter has been added to the cafeteria to improve the efficiency of serving students. A broader selection of meals can be served because of the purchase of an electric fryer unit which will be used for the purpose of making french fried potatoes, fish, chicken, veal cutlets, etc.

Other equipment that will improve the efficiency of cafeteria management are a griddle range, a vegetable cutter and baking ovens.

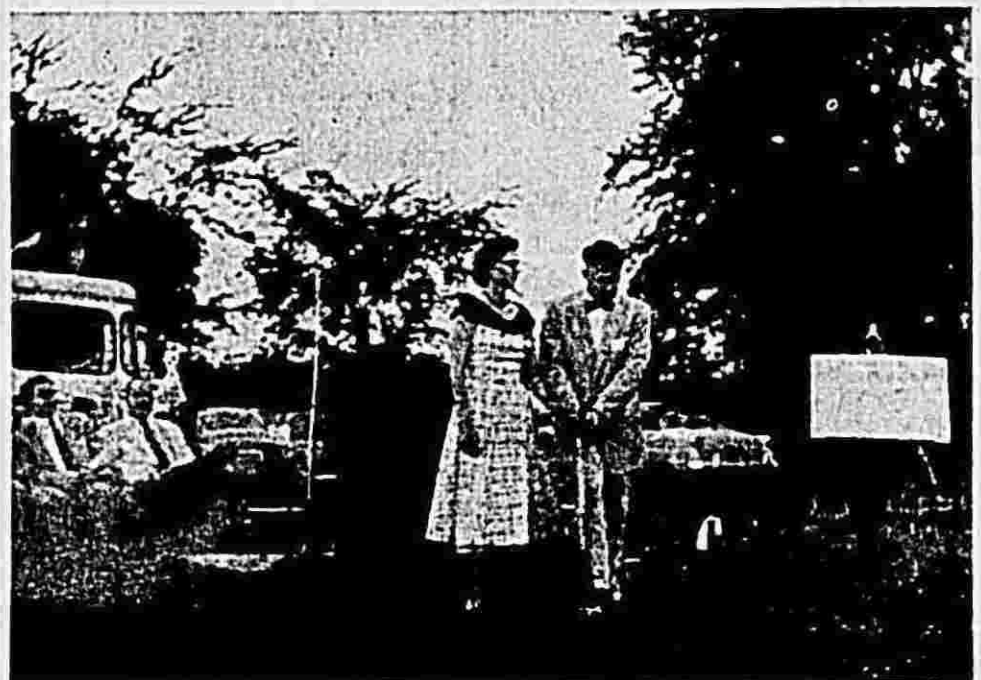

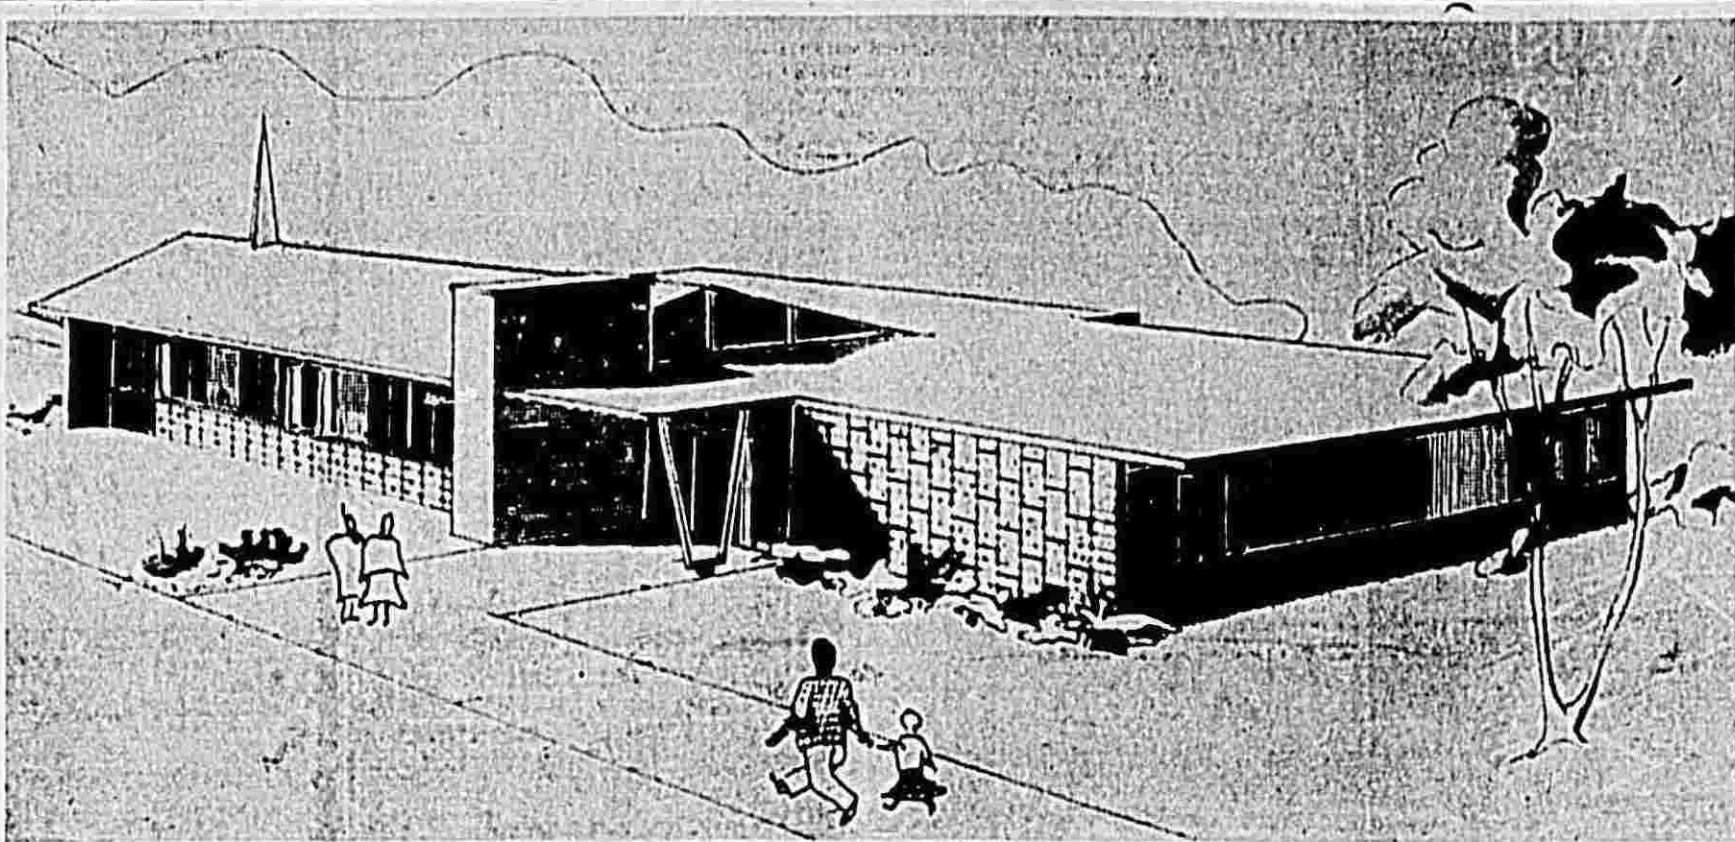

The price of 35c will remain the same for cafeteria meals. There will be four lunch periods of approximately 30 minutes. Students may bring their lunch from home, or eat the hot lunch supplied by the school, but all students remain on the school campus during the lunch periods.

Break Ground For This New Lakeland Baptist Church

The Rev. and Mrs. Dale J. Van Hovel of 795 Main st., Antioch are shown turning the first spadeful of dirt in the ground breaking service for the new Lakeland Baptist Church on Grand ave. two miles west of Lake Villa Sunday afternoon. The architect's drawing shows how the church will appear.

Lakeland Baptist Church Ground-Breaking Service Held Sunday Afternoon

Ground breaking service at 2:30 p. m. Sunday signified the start of construction of the new \$80,000 Lakeland Baptist church building on Grand ave. two miles west of Lake Villa.

The Rev. Dale Van Hovel, Antioch, pastor of the church, was assisted by Mrs. Van Hovel in turning the first spadeful of ground during the ceremony which was witnessed by nearly 200 parishioners and special guests. Bringing greetings from other churches and well-wishers of the area were Dr. W. A. Diman, executive secretary of the Chicago Baptist Assn.; Rep. William J. Murphy, Pettie Lake; the Rev. Glen Leach, associate pastor of the First Baptist church in Waukegan; the Rev. Gerald Robinson, pastor of Lake Villa Methodist church; William Brook, cashier of the State Bank of Antioch; the Rev. Mahlon W. Pomeroy, pastor of the Federated Church of Waukegan; and T. T. Min-ton, superintendent of the Central Baptist Children's home at Lake Villa.

There were many visitors from Wheaton and Park Ridge. Until the building is constructed the regular services are being held in Emmons Public school at Rte. 59 and Beach Grove road.

Rescue Squad Unable To Revive Cicero Man But Aid Four Others

The Antioch Rescue Squad had five calls during the past week.

The men were unable to revive George Bartuska, 57, of Cicero, who suffered a heart attack at 11 a. m. Saturday in the Jewel Tea Co. parking lot and was taken by his wife to the office of Dr. Alan L. Thain. The body was taken to Cicero for burial.

Later in the day the squad took Mrs. Sue Cox, 73, of Lake Marie to Victory Memorial hospital for treatment.

The squad was called at 5:45 p. m. to Sunnyside Subdivision at Channel lake, where William Beckman, 23, Chicago, suffered a dislocated elbow in a fall during a foot race. He was taken to the office of Dr. J. W. Kopriva for reduction of the dislocation.

Last Thursday the first aid men took Sharyn Vaupill, aged 11, of 545 S. Scoville st., Oak Park, to Victory Memorial hospital from the office of Dr. Thain where she was first treated for a brain concussion. The 18-month old Smith child near Adolph's Channel Inn, Lake Marie, was given first aid Monday after she swallowed some auto wax. She was revived.

Our Moving Populace

"The Census Bureau has come up with statistics on the 170 million people in the United States, drifting statistics on the sundowners, as it were. Figures indicate that more than 33 million people in this country changed their places of residence during the year ending March, 1956. That's practically one in five."—Wood River Journal.

have you had your last physical check-up? What does your state of health have to do in curtailing automobile accidents? Plenty. First of all, if you're tired, you're inclined to be impatient—take chances. You become annoyed at the slow moving lane of traffic, so at the first suggestion of an opportunity, you swerve out to pass cars. You'll make it, you think, but will you?

Emotional elements, such as anger, sorrow, fear, disgust, elation and worry, restrict your ability to think straight, quickly and wisely. Any one of these sets you up as a potential killer or maimer.

Are you over-confident when you drive? Do you try to "beat the light?" Do you drive so rapidly around corners that you send pedestrians scurrying, frequently to fall and injure themselves?

Are you careful at railroad crossings? Collisions between automobiles and trains have become all too common. Do you drive when you drink? If you do, stop. Statistics reveal that drinking and driving don't go together.

Physical disability and driving efficiency have a direct relationship. Arthritis is one condition, for example, that may affect your driving efficiency. If the wrist bones, hip or knee joint have been affected, your driving reaction time may be impaired.

Visual acuity is important in driving. Blurring and impaired vision have contributed to some traffic accidents.

So much for you as a driver of an automobile. Now how do you act as a pedestrian? Do you wait on the curb for the signal to cross safely? Do you avoid jaywalking, look carefully when getting off a bus or streetcar, look in all directions before crossing a street or road, watch for turning cars even though you have the right of way, carry bundles or umbrellas so they won't impair your vision, and are you especially careful when walking at night?

Think it over, driver and pedestrian alike. By keeping yourself physically fit, mentally alert, and heeding all safety precautions you can do your part to reduce injuries and deaths incurred in traffic accidents.

Life is without zest without God. G. L. Markle.

Health Talk

AUTOMOBILE ACCIDENTS

What are you doing about automobile accidents? The increasingly popular use of the automobile as a means of transportation has provided a concomitant increase in tragedy, much of which could be avoided if you did your part, the Educational Committee of the Illinois State Medical Society observes in HEALTH TALK.

When you're behind the wheel of your car, do you have yourself under control? It's always easy to blame the other person, but remember that other person may be you. Deaths and accidents caused by motor vehicles can be reduced. Safety devices are available; precautionary measures are publicized; warning signals are installed at crossing places; speed limits are established. Yet accidents are reported each day. Someone is responsible and that someone may be you.

Are you physically and emotionally fit to drive your car? Let's say that the car is in good condition because you wouldn't let a sputter in the motor continue without investigation. Not you. Your car must always be kept in smooth running condition.

But how about yourself? When

Tax Facts

A taxpayer asked the Black Sheep: "Have you any wool?" To which the Sheep replied: "No, sir, no, sir. But the Commodity Credit Corporation has a lot of it."

This modern version of the nursery rhyme wouldn't be too far from the truth. According to recent figures of Tax Foundation the CCC had 38 million pounds of wool, black, white and gray, collected under the price support program.

Wool, however, isn't the only commodity held by the CCC in millions of bushels, pounds, and hundredweights. There are also (among other things) butter, cheese, dried milk, dried edible beans, corn and wheat. All carefully stashed away and paid for with billions of tax dollars.

At the end of May, the CCC estimated its "net realized loss" on price support operations for 11 months of fiscal 1957 at \$1.2 billion—compared to an \$844 million loss in the like period in 1956.

Any difficulty envisioning these vast stores (currently in tents, bins, and even floating ships) would be made easier were the quantities divided up among American families in something like a "surplus crop dividend." Here is what would result if CCC's inventories were divided up among the 43½ million American families.

Commodity	No. lbs. or bu. in inv.	Appr. Dist. per family
Butter	51,935,000	1 lb.
Cheese	193,507,000	4½ lbs.
Dried Milk	182,934,000	4½ lbs.
Dried Beans	247,300,000	5½ lbs.
Corn	849,059,000	19½ bu.
Wheat	848,490,000	19½ bu.
Wool	37,906,000	1 lb.

Maybe a division of such commodities among families is the answer if bulging inventories of the Federal Government continue to grow, and it appears that they will. For example, recent figures before the Senate showed that while six Federal agencies issued loans of at least \$35 million in a 3 year period beginning with 1955, mostly to encourage building poultry houses, a seventh agency was spending approximately \$1 million a month to buy up surplus eggs.

Back in Business

Back at the close of World War I, a Virginia coal mine was abandoned, apparently for all time. Now that mine is open again and, according to a New York Times account, "back in business as a substantial producer."

Two factors are responsible for this. Exploration disclosed that the mine contained good quantities of metallurgical coal, of a type used by the steel industry. Then, modern machinery and techniques make possible standards of productive efficiency that would have seemed unbelievable in World War I days.

The machines in this mine are automatic. Two men, operating control panels, can wash, dry and screen 450 tons of coal an hour. Two shifts a day are worked, with all maintenance performed during these operating shifts. That innovation is made possible by dual set-ups and extra stand-in equipment.

The story of this one mine is symbolic of the coal industry. It has made enormous technological strides forward in its tough competitive fight to keep old markets, establish new ones and show a profit for its efforts.

Be not merely good; be good for something.—Thoreau.
